URSU Nomination Statement

I am Jonathan Lipoth, a first year Business Administration student always seeking opportunity. I grew up in Regina and graduated from Luther College High School in June of 2016. In grade 12, I was awarded the Black and Gold Male Cultural Award, which recognizes the male student with the highest cultural involvement, school-wide.

Now that I am at the University of Regina, I am looking for ways to be just as involved as I was in high school. During the fall semester, I became a junior project manager with Enactus Regina, began playing bass with the U of R jazz band, and became employed at the Admissions office. I am also a full-time student and I was recognized on the Dean's Honour List in first semester. Further, I became a mentee in UR Investing this semester.

In becoming a Council member at the University of Regina Students' Union, I will contribute my unique set of leadership abilities to Council meetings. I promise to engage with students in a manner that inspires involvement and encourages development. I hope that my experience in student involvement benefits the Students' Union.
