

CANDIDATE PROFILE – JASHNEET KAUR
STUDENT NUMBER – 200380410

My name is Jashneet Kaur and I am first-year Graduate student in Computer Science department. I am running for the position of URSU Director for students with Disabilities because I want to continue improving the experience of student with disabilities at the University of Regina. I have been involved in various social activities from last 5 years. I was associated to a NGO special school named “DARPAN” when I was back in my home town in India, this NGO special school is for kids under age of 13 where I had spent hours in knowing them and their special skills. My decision to come to UoR has been one of the best ones I have ever made and I am excited to take this opportunity to make it better for the students with disabilities. In my three years of work tenure with one of the fortune 500 IT companies, I have gained a great deal of analytical and leadership skills. I would like to put those skills to work in higher education and URSU is a great place to start with.

I have been selected for the same position in the by-elections 2017. Having experience of the position I believe as a Director I can make the experience of students with disabilities at UoR an extraordinary one.
