

Jinesh Kamdar
Candidate Profile

Good day guys!

Hope you all are doing well in these particularly busy times of the semester.

I'm from the Republic of India and I'm pursuing my graduate studies (M.Sc.) in Computer Science. Apart from working towards my degree, I like to play pool/billiards, the piano and basketball for leisure. I am also a fitness enthusiast and believe that in a healthy body, dwells a healthy mind. I am also currently volunteering with the Student Success Centre to learn about the events on campus and be an active member of the campus community.

During my school and undergrad years, I have held various positions with the student bodies, such as, the Prime Minister during school years and the General Secretary during undergrad. So I have lots of experience in working with large teams of students, managing budgets, passing resolutions, etc.

Being new to the University, I have the advantage of being really motivated about my tenure here and I am eager to learn, understand and hopefully solve the issues faced by us, or if not, at least be a voice to represent us. I also have a relatively fresh and a positive outlook towards things. I will do justice to the position, if elected, and promise to be honest, loyal and diligent, while keeping in mind, the best interests of students.

Thank you for perusing through my profile despite of your hectic schedules.
Feel free to say hi and strike up a conversation!
