

Hello, my name is Rylan Jensen. I am a third-year student at the university in the Join Bed/ Bkin program. I have been the Education Director with URSU for the last year. For the last two years I have also been on the Education Students' Society, this year as an Executive on the society and the year before as a Social Representative. During this year I have sat on the Council Committee for Student Appeals, representing university students while deliberating over academic and nonacademic misconduct appeals. I am involved with multiple student clubs and have great relations with a handful of student societies. As VP Student Affairs, I want to continue making sure that students are properly represented. Majority of students don't know how much they are paying in union fees and what services are available through URSU and the University of Regina. I am going to continue educating students about what URSU does for them and how they can get the most out of their union fees. Throughout my experience in URSU I have put aside my personal thoughts and acted in the best interest of students. I promise if I get VP Student Affairs I will continue representing students to the best of my ability and put in the necessary hours in the office, so that students always have someone that they can turn to for advice. If anyone has any questions, please contact me through my email rylan_jensen@icloud.com.
