

Hi, my name is Harmeet Singh. I am studying in the faculty of Business Administration. I am doing Two years diploma course. I am an International student in the University of Regina. I filled the nominations form for student leaders in Elections 2018. I am running for Board of Directors position for International Students to help them in problems they face on campus. As, I am already volunteering in the URSU so, I just want to run for Directors position for International Students. My main motive in this election is to help International students for the problems they face during the course and any International issues regarding their studies in any faculty. I want to motivate them for achieving their goals .Moreover, only an International student can understand the feelings and emotions of Non-Canadian students from any country.
