

Candidate Profile

My name is Alfred Adenuga. I am currently in my 2nd year in the department of Economics here at the University of Regina. Passion, dedication, and a strong commitment to serve are some of the many qualities that I would bring to the Faculty of Arts University Council. During my time in High School, I served on the student council, this position allowed me to hone my leadership, organization, problem solving, and critical thinking skills. I believe that these skills will make me a valuable representative who will contribute to the overall success of the University of Regina Students Union.

My time here at the University of Regina has been packed with many valuable experiences since I moved here from Abuja, Nigeria in January 2018 and now, I am eager to give back. On campus I have dedicated many hours to volunteering through the UR Ambassador program. I have personally benefited from the broad range of education an Arts major affords and hope to engage with other Arts students to leverage on this versatility to foster an environment that breeds critical thinkers, influential creatives, and collaborative leaders who will all work together to create a better society.

I look forward to being a part of the University of Regina Students Union on the Faculty of Arts University Council. Thank you for voting!
