1 - Introduction

This Policy provides basic "job descriptions" for the Executive Committee and its members. These provide an outline of each Executive Committee member's portfolio and enhance role clarity in order to make the Executive more effective in their work. Though these descriptions are specific in some cases, they do not necessarily cover all the facets of an Executive's work throughout the year. Additionally, as new roles & responsibilities evolve within the organization this document can help members of the Executive determine and document which Executive Member should take on a given responsibility

These descriptions reflect and expand upon the Constitution of the Students' Union of the University of Regina Inc. and are intended to provide a detailed, easy to read guideline for future executives. This Policy also identifies and clarifies the role of the Executive Committee as a strategic governance body of the organization.
