

## **CANDIDATE PROFILE**

I am Amandeep Kaur, pursuing masters in computer science. I am running for the position of Director of Faculty of Graduate Studies and Research. Apart from education, I assist students in their studies by providing volunteer-tutoring as I am an International Peer Advisor at university. Moreover, I got elected as Women's Director at URSU last year which gave me overall experience to know and deal with the concerns of the women students. Being a graduate student, I want to raise the voice graduate students which will not only improve the situations during this pandemic scenario but also be beneficial to have better mental health. On top of this, the online education pattern has raised several concerns that need to be addressed and discussed by the student bodies. And I believe that this position will provide me the platform where the execution of the issues can be dealt properly which results in providing the efficient solution by the student bodies. I am glad to provide the helping hands to the graduate students.
