

**Control the bouncing ECHO's around YOU and turn it into YOUR VOICE**

Hi, I am Shaikh Muhammad, and this is my second year at the University of Regina. Currently, I am taking courses in the Human Resource Management Program (master's degree) and enjoying learning HR Acquisition Talent. Although I do possess a post-graduate degree (MBA) but to improve and strengthen my strategic decision-making skills, I have decided to enroll in this program.

Being a student, I understand empathically, the issues that students face during their study tenure. Thus, I have decided to take an initiative for introducing programs at the university that would benefit the students. For implementing such programs, I need to hold a position that would represent me and you as a student body to the Governors and the University Board members. Therefore, I am running for the position of Vice president of External Affairs. Just for your acknowledgment that I do have 8 years of practical hands-on experience in handling critical and catastrophic issues as I held a project management position in the past.

I do promise faithfully to invest all my energy and capability to achieve student goals and harvest a systematical path to hit the vision competently. Moreover, I would passionately like to advocate for your voice and would enjoy having the opportunity to talk with you further to discuss the requirements and expectations of students.

Your Voice matters and I understand the value. Together let us make it.

Vote Shaikh and Benefit YOURSELF!
