Candidate Profile

I am Jindpreet Kaur and currently enrolled in a 2 year diploma programme of Health Studies. I am running for the position of Director of Women students. Qualities that describe my personality include my dedication, being a good motivator, positive energy, empathy, hard working and being a good listener. Consequently, I love to socialize with the people of different countries, therefore, I would be grateful to be a part of the various events on campus and provide awareness-activities to improve students’ life in the university.

I want to represent women students and would like to cast light on the various aspects of the students for the betterment of their studies and life in campus by serving the position of Director in URSU. On top of this, the online education pattern has raised several concerns that need to be addressed and discussed by the student bodies, as it is getting hard for not only for the female students but for almost all the students to reach out to the authorities. And I believe that this position will provide me the platform where the execution of the issues can be dealt properly which results in providing the efficient solution by the student bodies. I will be thankful if I get a chance to become a helping hand for the students.
