

TEJAS UPENDRABHAI PATEL - PRESIDENT CANDIDATE

I believe that the best life to live is one in service to others. I have been a very strong advocate for students. I have repeatedly called on the government to direct greater funding towards post-secondary. I have been pushing faculty to adopt direct access textbooks upon removing the extra subscriptions for assignments and labs. I am eagerly anticipating the approval of the funding increase of double for conferences attended by students and events hosted by clubs. I have fearlessly stood up for students' rights on the committees where I act as the student representative.

I want to continue advocating on your behalf and to ensure that your students' union works hard to represent you. I am also looking to reinstate the freeze the fees campaign with systematization to get favorable outcome. These are just a few of the things I hope to accomplish as your President. I look forward to hearing from you about how I can serve you better.

As a candidate for the President Position, I am confident in my ability to serve the student body with integrity, transparency, and dedication. My qualifications and platform align with the needs and aspirations of our student community, and I am committed to working tirelessly to achieve our shared goals. I believe that as the President, I can bring about positive changes and work collaboratively with students and faculty members to make the student experience at our institution a memorable and fulfilling one.
