## 12. SPECIAL BUSINESS

### 12.1 Motion 1: SOLIDARITY WITH PALESTINE

Whereas an ongoing humanitarian crisis is unfolding the conflict in Gaza, and  
Whereas since October 7, over 1.6 million Palestinians have been displaced, over 23,968 have been killed, mostly women and children due to the ongoing bombings and attacks; and

Whereas the siege and blockade on Gaza have left Palestinian people displaced without access to water, food, medical aid, or communication; and

Whereas one of the Student Union's core pillars is to develop the social, economic and cultural interests of its members; and

Whereas many Colleges and Universities continue to maintain investments with weapons manufacturers such as Lockheed Martin, Northrup Grumman, Hewlett Packard and Elbit Systems Ltd that sell and supply weaponry and other technologies to various armies which have resulted in 23968 deaths in Gaza; and

Whereas students of the UofR have repeatedly rallied in large numbers to raise awareness for the genocide taking place in Gaza, therefore:

Be it resolved that URSU affirm its support for the Palestinian people and their ongoing fight against settler-colonialism, apartheid, occupation, genocide, and all inhumane practices as seen in Gaza; and

Be it further resolved that URSU join the call for an immediate and permanent ceasefire; and

Be it further resolved that by Feb 5, 2023, a draft template letter be created for and distributed to members that call on the college and university administrators to immediately cut any investments and ties with weapons manufacturers and other corporations that fund the genocide on Gaza; and

Be it further resolved that a donation of \$500 be made to the University of Regina Students for Justice in Palestine in support of their organizing efforts that include their ongoing fight and keeping the community safe; and

Be it further resolved that URSU offer its support and services to any future activism planned on and off campus in support of and in solidarity with the people of Palestine.

**Mover: Oghenerukevwe Erifeta**

**Seconder: Nabeera Siddiqi**

**Motion:**

## **12.2 Motion 2: Enhancing Student Employment Opportunities by Teaching Digital Skills and Providing Access to Freelancing Opportunities**

Whereas the job market in Canada is currently facing challenges with low employment opportunities,

Whereas the job retention rates for students are on a downward trend, exacerbating the difficulties faced by student job seekers,

Whereas the evolving nature of employment requires students to acquire diverse and contemporary skills,

Whereas a strategic and comprehensive approach is necessary to bridge the gap between student skills and industry demands,

Be it resolved that the University of Regina Students' Union (URSU) takes proactive measures to address these challenges by implementing a comprehensive program aimed at enhancing student employment opportunities.

**Mover: Jebrael**

**Seconder: Tejas Patel - President**

**Motion:**

### **12.3 Motion 3: Student Support Fund Bylaw**

Whereas the Board has approved changes to the Student Support Funds Bylaw, and per the URSU Constitution Article VII, 4) changes must be approved at the Annual General Meeting, therefore:

BE IT RESOLVED THAT the amended Student Support Funds Bylaw be approved.

**Mover: Zuhruf Zarooq**

**Seconder: Tejas Patel**

**Motion:**

### **12.4: Motion 4: My Wellness Advanced Service**

Whereas the executive committee met previously with Gallivan, the health and dental insurance broker for the health and dental plan provided to students at the University of Regina, First Nations University, and all federated colleges, in negotiations for a more effective mental health service for our student membership.

Whereas, Gallivan has provided information on My Wellness Advanced to URSU, as an enhanced version of our present MyWellness service, where all 16,000+ students will have access to mental health support whether they opt out of the health/dental plan or not.

Whereas, unlike our present version where a free questionnaire and service reimbursement offers are provided, the advanced version provides an additional access to three free hours of therapy, from a wide range of mental health professionals, of

different cultural, racial, and religious backgrounds, to all 16,000+ students for a fee of \$8.50 + tax/ year, with potential increases depending on usage,

Whereas fees may increase up to a maximum of 20% at an Annual General Meeting,

Whereas URSU's primary goal is the provision of services as urgent as mental health resources like My Wellness Advanced for its students, due to the rising suicidal rates within the postsecondary student community, and the inadequate provision of mental health support provided in our university to abate these rising rates.

Whereas, Gallivan will partner with URSU to provide My Wellness Advances services to its student membership at a rate of \$8.50+tax/year. Be it resolved that URSU goes forward with taking up My Wellness Advanced as a new mental health support service provision for its student membership in the year 2024/2025, at a cost of \$8.50 + tax/ year.

Be It Further Resolved that URSU be authorized to increase the fee related to My Wellness Advanced specifically should there be an increase in cost on a year-to-year basis such that the increase is less than 20% of the fee,

Be It Further Resolved that should this increase be more than 20% of the fee, it be brought back to students for a vote at a General Meeting.

### **12.5 Motion 5: Advocacy for AI policy**

Whereas there is a noticeable increase in instances of academic misconduct attributed to the utilization of Artificial Intelligence tools, such as CHAT GPT, etc.,

Whereas there is a current absence of well-defined policies specifically addressing the use of AI tools within the academic framework of the University of Regina,

Whereas the potential misuse of AI tools poses a threat to the academic integrity and ethical standards of the University,

Whereas proactive measures are essential to ensure the responsible and ethical use of AI tools by students,

Be it resolved that the University of Regina Students' Union takes a proactive stance on behalf of the entire student body, strongly recommending the University of Regina to institute and formulate a comprehensive Artificial Intelligence Policy.

**Mover: Tejas Patel - President**

**Seconder: Jebrael**

**Motion:**

### **12.6 Motion 6: MOTION - UR PRIDE**

Whereas UR Pride is committed to advancing their service delivery to the University of Regina community and southern Saskatchewan;

Whereas UR Pride continues to lead the Nation in 2SLGBTQ+ advocacy;

Whereas UR Pride continues to work on advanced case work on behalf of 2SLGBTQ+ students, faculty, and staff at the University of Regina;

Be it resolved that the student levy for UR Pride be increased for full-time students by \$1.05 and for part-time students by \$0.55 commencing September 2024 and effective for the 2024/25 academic year.
