

# Candidate Profile

Dear Fellow Students of the University of Regina,

My name is Kanusika Kalaichelvan, and I am excited to declare my candidacy for the role of International Students Director on the board of URSU for the 2024-25 term. At the heart of UofR lies our incredibly diverse community, a vibrant mosaic of cultures and ideas, and it is my passion to lead initiatives that not only empower every individual but also amplify our collective voice.

Our diverse backgrounds and experiences are what make the UofR community uniquely powerful. I am dedicated to fostering an environment that is not just inclusive but celebratory of our differences, ensuring every student feels a deep sense of belonging and pride. It is my belief that together, we can create a richer, more vibrant university experience for everyone.

I understand that the strength of our community lies in the stories and concerns of its members. That's why my campaign is centred around you. I am committed to enhancing platforms for open communication, ensuring your voices are heard, and your stories are shared.

The journey through university life comes with its set of challenges, including maintaining mental well-being. I pledge to expand our support services, put mental health initiatives at the forefront of our agenda, and ensure access to resources that make your time at UofR not just academically successful but also personally fulfilling.

Let's empower every voice, celebrate every culture.

Save The Dates: March 25th & 26th

Thank you

**Kanusika Kalaichelvan**
